### A Message from our Director of Development

**Hello Everyone,**

The Center for Family Support (CFS) has an incredible staff! These individuals are some of the most dedicated people I have ever had the pleasure to know and work with. Their commitment to the individuals and families we serve is amazing. Whether providing Self Direction support to an individual living in their own apartment and maintaining a job, or working with residents in one of our Group Homes, or providing vital training at our Day Program locations, the staff of CFS will always find a way to provide the support so that our service recipients can live the life they choose to live.

I see the work of our staff and that motivates me to do all that I can to raise more funds for CFS. When I think about how additional revenue can help the staff deliver our programs and services, I understand the impact it will have on those who count on us every day.

The Center for Family Support has been serving those with developmental challenges for over 60 years. The innovative programs that CFS has developed continue to be in the forefront of our industry. We have worked hard to stay ahead of the curve in regard to caring for those who are in need of our help, developing and designing programs that help our service recipients make the choices in their life that are most important to them.

Know that our staff is working as hard as possible to improve the quality of so many lives. That's what we do!

**Barry Haber**

### 2015 Golf Outing a Great Success

On Tuesday September 29<sup>th</sup>, The Center for Family Support (CFS) held its 15<sup>th</sup> Annual Golf Outing at Edgewood Country Club in River Vale, NJ. A great day was had by all. The weather cooperated, the golf course was in great shape and the food and service provided by Edgewood was outstanding. 73 golfers took the course and the round moved smoothly for everyone. Over \$44,000 was raised to support the programs and services of CFS.

Some of the new additions to this year's outing were pictures taken of each foursome as well as a video that was made of all of the golfers teeing off. The video was shown during the event Cocktail Reception and was enjoyed by everyone.

CFS Board members Jeff Benedict, Lloyd Stabiner and Tanya Herriott did a tremendous job of raising vital revenue for the outing. New Golf Committee Member Bud Howey made a valuable contribution to the planning effort in his first year on the committee.

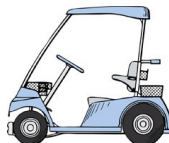

As we close the books on the 2015 event, I am pleased to announce the date of our 2016 Golf Tournament:

**2016 CFS Golf Outing**

**Tuesday September 27, 2016**

**Edgewood Country Club**

**River Vale, NJ**

### Giving Tuesday is Around the Corner!

When thinking about your charitable giving and possibly making one more tax-deductible gift before the end of the year, please keep The Center for Family Support in mind. We serve 1,500 people every week, helping them to live the lives they have chosen to live. Our After-School Program in Staten Island, our New Jersey Day Programs, the powerful Self Direction program, all need your **help** and **support**.

As the holiday's approach, remember those less fortunate. Be as generous as you can. You have the power to change someone's life for the better. What a great holiday gift that would be.

Visit our website at [www.cfsny.org](http://www.cfsny.org) and make your gift today!
