Use this page to find links to websites to schedule appointments for both NY and NJ.

If you need an employment verification letter, please reach out to HR to provide.

WHY VACCINATE ?

VaxxFacts- COVID-19 vaccination will help protect you from getting COVID-19. You may have some side effects which are normal signs that your body is building protection. These should go away in a few days. Common side effects include possible pain or swelling on the arm where you got the shot. Also possible fever, chills, tiredness, or headache through the rest of your body.

Steven Vernikoff -Chief Executive Officer
Steve wanted the staff to know he got his first shot on Friday, January 15th at Elmhurst Hospital. He added "The staff were great. Just a little soreness where I had the shot but nothing to complain about. Feeling great I did it and can't wait for the second shot."

Congrats Alrick,
Cristina, Donna and
Steve on getting your
vaccine's!

If you want to share your vaxxies for VaxMatters please send to jcropper2@cfsny.org

BEEN VACCINATED ? ENTER RAFFLE DRAWING!

If you have been vaccinated, send a copy of the COVID 19 Vaccination record card to be entered into raffle drawing where we will select one person for \$100 gift card each week.

All staff should send vaccination record to HR via email HRVacStats@cfsny.org. In NY, we are required to report percentages of staff who have been vaccinated but the report does not require the use of names.

Congratulations to Lucky # 14 - Staff from CFS Self Directed Supports.
