WHY VACCINATE ?

MABEL SMART

Having seen the devastation and many deaths caused by the coronavirus. I decided to get vaccinated to protect myself and my family as well as other staff I work with and the individuals we serve. I believe that getting the vaccine will save lives and help us get back to a normal life. It was a very easy process and I am very happy that I got the opportunity to be vaccinated against the covid-19 virus" Getting my second shot (the booster shot) in three weeks. Can't wait!!!

Congrats Alexis, Marlene, Valerie and Mabel on getting your vaccine's!

As we are developing relationships for vaccine appointments, if you are interested in the vaccine contact your direct supervisor and/or the following depending on state or program so that we can reach out to you.
