Steven Vernikoff congrats on the second shot!

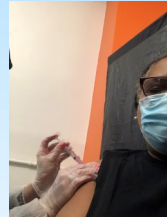

WHY VACCINATE?

MELISSA

I was fortunate enough to get an appointment. The experience was very easy. I walked into my vaccine site and showed them my ID. The staff took my temperature and I electronically signed a computer giving the vaccine site permission to administer the vaccine.

The staff asked a series of questions and made sure it was safe for me to get the vaccine. The nurse made sure I was aware of all the possible side effects and how to treat myself if a side effect arose. After getting the vaccine the nurse asked me to wait for 20 minutes to ensure I did not have any reaction. I am grateful for this opportunity and my side effects were minimal. My arm did become sore and I was tired for the first 24 hours but that was it :)

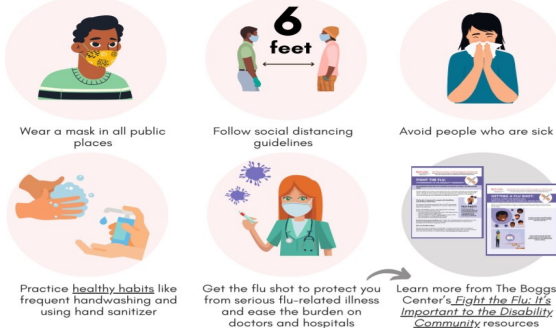

Congratulations Madi, Verna and Ramatu on getting vaccinated.

If you want to share your vaxxies for VaxMatters please send to jcropper2@cfsny.org

Approximately 160 staff and 110 people supported at CFS have been vaccinated so far and we continue to make appointments. Please see who to reach out to if you need assistance making an appointment or finding a place to get the vaccine.

Remember to continue to follow guidelines even after you are vaccinated

How do I continue to stay safe before and after I get the vaccine?

As we are developing relationships for vaccine appointments, if you are interested in the vaccine contact your direct supervisor and/or the following depending on state or program so that we can reach out to you.
