## CFS Hosts ChemRX for COVID-19 Vaccine Clinic

On Wednesday 3/17, Christina, Moira and the rest of the ChemRX team vaccinated 60 staff and individuals supported by CFS at our Bronx office. The day started off with our residential leadership team stepping up to do their part and get vaccinated. The day was very well organized and the energy was positive and people were full of hope. We want to have more days like this, so if you are interested, please contact Tranet or Linda. Thanks to the CFS volunteers Tranet, Joseph, Shyanne, Karene, Railynn, Miguelina, Linda and Lynette.

### Agosto

#### Luz

#### Awilda

Railynn – To protect my loved ones, my friends, coworkers and the individuals we support. I hope that it will bring some type of normalcy

#### Joseph – For me and the safety of my family

Gigi – I got the vaccine to protect myself and the individuals we support

Beulah – I took it because it was one shot. I don't like needles but it was ok!

Arianna - To protect those who are high risk.

If you want to share your vaxxies or if you have questions that we might be able to answer for VaxMatters please send to [jcropper2@cfsny.org](mailto:jcropper2@cfsny.org)

#### Paola

#### Olin

#### Bryan

#### Alex and Jose

#### Maria

#### Dorcas

#### Diana

**Congrats!**  
**Winner - Vera Gold SDS**

All staff who attended the clinic yesterday have been added to the raffle. Look out for next weeks edition for the winner

Kathleen - for the safety of the world! For normalcy!

#### Albertha

Lynette – I know it is going to protect me if I ever get the virus. I know the vaccine will work.

I accepted this position right at the beginning of the pandemic and I did not know what the future was going to look like. We have been focused on helping to keep the individuals we support and our staff safe, but this felt very daunting. I knew that I wanted to get the vaccine and was looking forward to the day when we could host the clinic in our office. I specifically wanted to show my team that I wouldn't encourage anyone to do anything that I wouldn't do myself. I look forward to going to parties, going on trips and being together. This is the first step and now I look forward to a bright future ahead.

#### Tranet Hymon – Director of Residential

Anita – I am always afraid of needles but I did it! It was uncomfortable but I feel ok now. I work

Tracy – It is important to get his because of this disease. I don't want to die and I want people around me to be safe, that's why.

and my family

Suzanne - I cannot imagine not having it done. I want to protect myself and my kids. I have a son with autism. This is important to protect me

in this field and I want to be safe around my coworkers and the individuals I support.

Lelia - Ore a Dios por direcion, tome la decision por mi familia, mis amigos, mi trabajo, y porque deseo que volvamos a la normalidad. A caminar libre por la comunidad y toda la ciudad de NYC con mi

Teamwork makes the dreamwork – together we are keeping each other safe!

Cynthia – We have to do what we have to do! If people say no, we will keep wearing masks. I feel more protected

participante y disfrutar mis vacaciones en familia. Creo que la vacuna es el medio que Dios esta utilizando para acabar con la pandemia del COVID-19.
