

# VaxxMatters

On

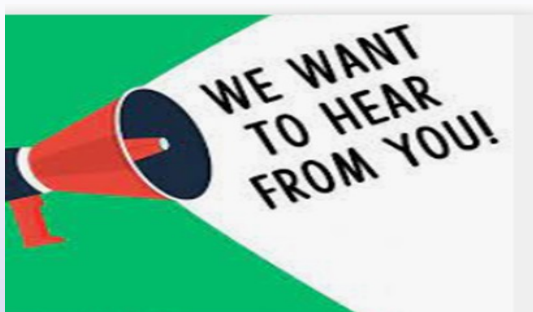

6/11/21 DSP'S were recognized by @METS for their essential work.. Thanks to Debra Powers for reaching out to the METS and getting 8 tickets donated. We are happy you enjoyed the game.

They were able to attend because they were **VACCINATED ..**

**You are essential get recognized !!!**

## Some Still Want to Wait and See?

In our recent survey, half of those who responded that they were hesitant to take the vaccine indicated that they wanted to wait and see. Vaccines began to be offered almost six months ago. Pfizer and Bio-ntech confirm high efficacy and no serious safety concerns through up to six months following the second dose in updated analysis of COVID-19 vaccine. This is positive news and should give reassurance for those who wanted to wait and see to reconsider getting the vaccine. We are worried by people who are saying no to these life saving vaccines, especially with a very dangerous variant spreading.

To know why you are waiting. Click the link to take a short survey so that we can hear from you and help to address your needs.
