During his tenure, Mr. Castillo has established himself as a major supportive figure for the individuals at these Residences. He embodies what it means to have a person centered approach with the way he performs his duties. Ernesto has an undeniable devotion to bettering the lives of every individual he serves. He has an unwavering desire to learn different methods to perform the various aspects of his role as a DSP, in order to always provide the best support possible. Ernesto Castillo has effortlessly performed according to the following core competencies:

### **Competency Area P:**

**Supporting Health and Wellness-** Understands and can implement daily health practices to support good health.

Ernesto has been encouraging healthier lifestyles for all of the individuals at King & Friendly. He works with the team by making himself available to assist with medical appointments regardless of the time, emergency situation or weather conditions. He is flexible in times of need and sometimes starts his shift early in order to take individuals to their appointments, where he advocates by encouraging them to express any concern(s) they may have to the doctor, which allows them to feel more informed regarding their health.

### **Competency Area U:**

**Supporting People to Live in the Home of Their Choice-** Supports daily activities and accesses additional skilled supports as needed.

Ernesto has good knowledge of all individuals at King & Friendly, which has helped in assisting each person to develop their skills and find their gift. Ernesto will take extra time to honor individual choice as well as research places to visit and explore the immediate community.

It is for these reasons we nominate Ernesto Castillo and commend him for going above and beyond his duties and the emphasis and care he gives daily.
