VaxxMatters 2021

Frequently Asked Questions

How can I get a COVID-19 vaccine?

- You can visit Vaccines.gov to find vaccination providers near you. ▪ You can text your ZIP code to 438829 or call 1-800-232-0233 to find vaccine locations near you in the United States.
- You can contact your local pharmacy to see if vaccination appointments are available.

At CFS the following people can assist you NY Residencias Tranet Hymon THymon@cfsny.org NY Comunidad & SDS - Linda Schellenberg lschellenberg@cfsny.org, NJ Donna Messina dmessina@cfsny.org
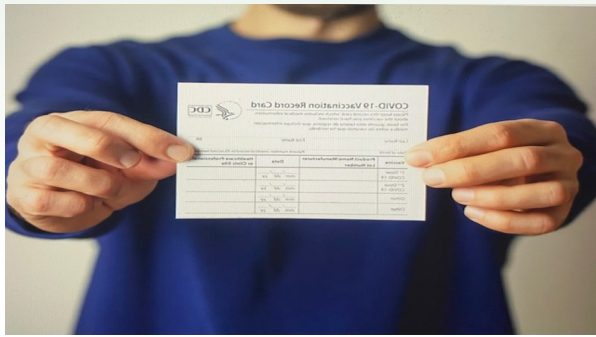

Can I receive the vaccine if I am not a U.S. citizen?

- Yes. Everyone in the United States is eligible for vaccination against COVID-19.

What will I feel like after I get the vaccine? What are the side effects?

- You may have some temporary side effects. They could include: Headache, soreness in the arm where you received the vaccine, tiredness, and nausea.

If you have been vaccinated you can download an app that shows proof of vaccination.

These links give you instructions for downloading the app.

There are some Myths out there…

COVID-19 VACCINES
DEBUNKING THE MYTHS

VACCINE MYTH VS VACCINE FACT

VACCINE MYTH	VACCINE FACT
It was rushed and isn't safe.	Researchers took no safety shortcuts. Large studies show the vaccine is safe.
It changes your DNA.	It's impossible for the vaccine to change your DNA.
It can give you COVID-19.	The vaccine doesn't contain a live virus strain.
It contains egg protein.	It doesn't have egg proteins and can be given to people with egg allergies.
It causes severe side effects.	For most, the vaccine causes mild side effects that resolve in a few days.
It makes women infertile.	There is no evidence that the vaccine causes infertility.
